

Provence Rosé Pierres du Sud - 2010

A blend of 35% Syrah, 12% Rolle (Vermentino), 25% Counoise, and 28% Mourvèdre, the wine features a delicate rose-petal-pink color of medium intensity. The nose is complex with hints of small red berries, peachy notes, a hint of fresh grass and floral. A round mouthfeel leads to a well balanced, medium-long, fresh, slightly fruity finish. A classic Provencal rosé.
